"McSweeney pat me out for taking issue with him on some of his railings," said Reed. "Before the game started McSweeney informed the players that he would rule off any man for rough work. SMITH WILL LOSE SOME CRACK FOOTBALL PLAYERS.

Klipstein, Kendrick, Gruet, Bartel and Skinner Will Leave the

School Next Spring. Many of the eleverest players of the Smith Academy football team will leave the school at the close of the present schoolastic year. Blackmar, who played a splendid game against High School Thanksgiving morning, is booked for a term at Williams. Skinner and Ralph Kendrick are going to enter Yale.

Smith has sent a large number of boys to Yale, who distinguished themselves in many ways, but the famous "prep" school has never sent two more promising athletes East than Skinner and Kendrick, Besides being excellent athletes, both young men are fine scholars, and have never let their devotion for spirited out, door games interfere with their studies, at least so Principal C. Kilpstein captained the Smith eleven of 1984, and was a tower of strength to the team this season. He proved one of the individual stars in the game with Central High.

Captain Vincent Campbell, who also distinguished nimself by playing a wonderfully clever game against Central High, will remain at Smith for another year, and is almost certain to make the foot-bull team of 1986, provided he tries. WHITE WINS OPENING POOL **MATCH OF STATE TOURNEY**

Claude White's great sorint at the finish, coupled with his high run of 23, enabled him to win the opening match of the State championship pool tournament from M. J. Maley at the Broadway last night, after the latter had him beaten up to the last three frames.

The score was 100 to 32, but this by no means indicates the closeness of the match, as, barring the last three frames, the men played neck and neck with Maley beating the better of the argument, until White made his spurt.

Both players made several difficult shot, but, as in the majority of pool games, each fell down at times on apporently easy shots. When Maley was playing in the tenth frame, he showed from that looked as though he would run out the game. He missed a very easy shot and then White started his run of twenty-three and ran out the game. While White was gatherning staty-four balls, his orporent succeeded in necketing eighty-three, and was going nicely until he fell down on the easy shot. Maley's high run was 14.
